SOAR PAYMENTS

WOO COMMERCE ▶ authorize.net

A Step-By-Step Guide

Overview: Accept customers' credit card payments in your website's WooCommerce shopping cart by connecting it with Authorize.net, to which your new merchant account is already connected.

1 Welcome Email

Once approved for a merchant account, you'll receive a welcome email with your **Authorize.net login**, **API Login ID Key**, and **Transaction Key**. Save this information.

2 Purchase and Install Plugin

Purchase and install the Authorize.net Plugin by Woo onto your website: *https://woo.com/products/authorize-net*

3 Add Keys to WooCommerce Plugin

Log into your website's Wordpress Admin Dashboard.
- Go to **WooCommerce Plugin-> Settings -> Payments.**
- Select **WooCommerce Authorize.net**.
- Paste the **API Login ID, API Transaction Key** and (optional, if you plan to use webhooks) **API Signature Key.**
- Save Changes.

4 Start Processing!

You are now ready to start accepting credit cards in your shopping cart via Authorize.Net and your new merchant account!
